

AC cabinet for solar container energy storage system

Overview

The 20-foot Air-cooled cabinet C&I solar power storage systems feature state-of-the-art air-cooled technology. With a capacity to store solar power, reducing their reliance on traditional power. Sunway 100kW/215kWh Energy Storage System is designed for businesses and utilities looking for a safe, intelligent, and efficient way to store and manage energy. With a modular PCS design and front-access outdoor cabinet, it enables reliable power supply, fast deployment, and easy expansion in both. SOFAR Energy Storage Cabinet adopts a modular design and supports flexible expansion of AC and DC capacity; the maximum parallel power of 6 cabinets on the AC side covers 215kW-1290kW; the capacity of 3 battery cabinets can be added on the DC side, and the capacity expansion covers 2-8 hours. 9 kWh and continuous output power of 125 kW.
