

# After-sales service for 200kWh photovoltaic folding container

## Overview

---

Do you offer after-sales support for mobile solar PV containers?

Yes, we offer comprehensive after-sales support including remote monitoring, maintenance services and technical support. Folding. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar energy while at the same time being compact in design, easy to transport and quick to set up. This system is realized through the unique combination of innovative and advanced container. WONVOLT Holdings limited was founded in 2016, with two factories located in Hefei, China. We have been specializing in ICES (Industrial and Commercial Energy Storage System) solutions for over 9 years. We currently have 87 employees, including 24 engineers. Peak shaving and valley filling: by charging and storing energy at valley time and discharging energy at peak time, the electricity cost of customers can be reduced and the. As energy challenges grow, our solar container solution was created to meet the need. It provides clean, efficient power wherever you need it and can also generate profit. The container is equipped with foldable high-efficiency solar panels, holding 168-336 panels that deliver 50-168 kWp of power. Supplier highlights: This supplier is both a manufacturer and trader, cooperates with Fortune 500 companies and offers OEM services, and can provide full design-based customization.
