

Bamaco PV IP55 Outdoor Cabinet High-Efficiency Model Payment

Overview

IP55 rated double bay outdoor telecom cabinets are the ultimate choice for your outdoor racking requirements, which are well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. Mini-size decreasing 60% footprint, easing site acquisition pressure and decreasing development cost. In non-high-temperature areas, using independent temperature control method without A/C. AZE's Outdoor Telecommunication Cabinet with Air Conditioner is mainly used for wireless communication base station, including the new generation of 4G system, communication network/network integrated services, access/transmission switching station, emergency communication/transmission. It can provide reliable power supply in the case of a power failure completely in plant or substation.
