

Barbados Outdoor Telecommunication Power Supply BESS Manufacturer

Overview

The Barbados National Energy Company Ltd. (BNECL), in partnership with the Inter-American Development Bank (IDB), is leading the installation of 10 MW of Battery Energy Storage Systems (BESS) across the island. These will support the national grid for additional renewable energy. Barbados has launched the second phase of its Battery Energy Storage System (BESS) procurement process, a critical step in tackling ongoing grid congestion that has stalled the growth of the renewable energy sector. The Ministry of Energy and Business is currently hosting a three-day Procurement Design Workshop with key stakeholders to discuss and. A cost recovery application for 90MW of battery storage, filed by Barbados Light & Power Company (BLPC), has been only partially approved by the eastern Caribbean island nation's regulator.
