

Belgrade solar container communication station Wind Power Construction Company

**PV / DG
Application**

**APP Intelligent
Control**

**Multi-Unit Parallel
Expansion**

**98.8% Max.
Efficiency**

Overview

In a major project on the banks of the Sava, the Austrian construction company has fitted 16 container offices with solar panels to power their work areas near the construction site with green electricity. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. North America leads with 40% market. Fortis Energy and POWERCHINA collaborate on 850 MW renewable energy projects in Serbia. In August 2024, Fortis Energy and Construction DOO Beograd (Fortis Energy) and POWERCHINA International Group Limited (POWERCHINA-INTL) signed a Framework Agreement to cooperate on the development and. Alcazar Energy Partners announced the signing of an agreement with RP Global towards securing the rights for the development, construction, and operation of Project Celzijus 1, a 200 MW onshore wind power project, alongside a 768 MW pipeline of wind and solar projects in Serbia. The company plans to begin construction at the project, in Sremska Mitrovica, west of Belgrade, in 2025. This article explores the scope, technologies, and economic impact of these initiatives, highlighting opportunities for global stakeholders like EK SOLA.
