

Bulgaria Home Battery BMS Program

Overview

Developers of 82 standalone battery storage projects in Bulgaria, for an overall 9.71 GWh in capacity, got approval for EUR 587 million in subsidies from the Ministry of Energy. 15 billion levs (\$675 million) under its EU-funded procurement exercise named RESTORE. The selected projects will deliver a total usable battery energy storage system (BESS) capacity of 9,712.89 MWh, the Ministry of Energy said. Bulgaria's Ministry of Energy has approved grant funding for 31 battery energy storage system (BESS) projects totaling more than 4 GWh, under the second round of the National Renewable Energy Storage Infrastructure (RESTORE 2) program, part of the country's National Recovery and Resilience Plan. /SOFIA, BULGARIA, September 9, 2025, 9:15 CEST, RENEWABLE MARKET WATCH™ / Contracts have been signed for a total of 6,000 MWh of installed battery capacity as part of the initiative aimed at developing a comprehensive national infrastructure for storing energy derived from renewable sources, known. Bulgaria has kicked off a public consultation for RESTORE 2, a new subsidy round that target 1. This follow-up round builds on the unexpectedly strong uptake of the original RESTORE procurement earlier this year — a clear signal that. The Ministry of Energy has launched a public consultation for RESTORE 2, a new subsidy program designed to facilitate the development of 1.
