

Can photovoltaic panels generate electricity for a fee

Overview

Under these arrangements, a solar provider installs and maintains the system, and you pay for the electricity it produces at a fixed rate or monthly lease payment. While this might sound enticing, there is a lot more to consider before signing a lease. When a company advertises “free solar panels,” it typically means that you won't pay anything upfront for the installation. However, these offers usually involve a solar lease or power purchase agreement (PPA).
