

Explosion-proof solution for Qatar power cabinets

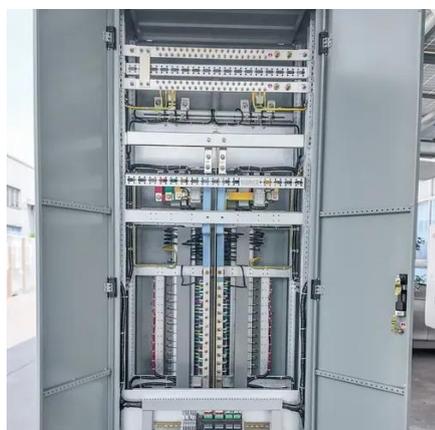

Overview

Find top-quality explosion-proof equipment at JGB Qatar. We provide reliable, certified solutions for enhanced safety in hazardous environments across Qatar. Bens Technologies developed into a global provider of power, as well as control panels, which is a unique advantage. Through continuous development of new products and markets, modernization of technology and investment in company employees and organization, we continue the tradition of more than 60 years of. Explosion protection is all about keeping dangerous gases, vapours, mists, or dust from forming and, if they do form, preventing explosions. It involves three important parts: primary, secondary, and tertiary explosion protection. Create an explosion-free environment with ServeGas Explosion. Custom Controls Company is one of the leading manufacturers providing Hazardous Location and Explosion Proof HVAC equipment for the industry. These specially designed boxes protect electrical equipment in areas where flammable gases, vapors, or dust may be present.
