

Ghana new energy small container arrives at the site

Overview

Reports indicate that instead of reaching ECG's warehouses, the containers were diverted through various means—some allegedly cleared from the port but never delivered, while others reportedly ended up in private factories or were auctioned at suspiciously low prices. The Ministry of Energy and Green Transition has announced that the committee investigating the saga of missing containers belonging to the Electricity Company of Ghana (ECG) has successfully traced 2,637 containers, marking a major breakthrough in the ongoing probe.) Container Holdup at Tema Port and Related Procurement Issues.
