

Huawei Egypt solar Energy Storage

Overview

It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. It builds a product ecosystem centered on solar inverters, charge controllers, and energy. Egypt's Minister of Electricity and Renewable Energy Mahmoud Essmat met on Wednesday with Benjamin Hou, CEO of Huawei Egypt, to discuss expanding cooperation in energy storage, smart grids, and digital transformation across the country's power sector. Revellers turned out in large numbers to celebrate the new year in Chongqing. Image used for illustrative purpose.
