

Huawei New Zealand Auckland solar Container Substation

Overview

The project reached commercial operation in March 2025. 330kW Huawei inverters and 2 x containerised MV switchgear, transformer and combiner board units. ~19,000MWh of energy generation per year. The site has 2 x 11kV feeders nearby making it a great site for a strong grid. Kiwi Solar was selected for development services consultancy and the EPC (engineering, procurement and construction) partner for the Ardmore Solar farm. It provides smart PV solutions for residential, commercial, industrial, utility scale, energy storage systems, and microgrids. If you are a human seeing this field, please leave it empty.

Huawei New Zealand Auckland solar Container Substation

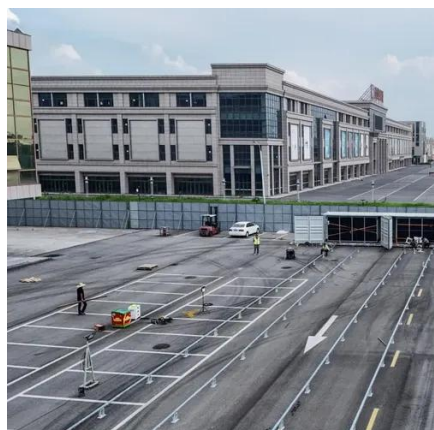

Solar PV Containers for New Zealand

We will explain why solar photovoltaic containers are particularly suited to the New Zealand context with the help of technology, real cases, and practical advice.
