

Huawei energy storage liquid cooler brand

Overview

Huawei Nigeria Digital Power has officially launched its groundbreaking energy storage innovation, the LUNA2000-215 Series, heralded as the world's first commercial and industrial (C&I) energy storage system to combine both air and liquid cooling technologies. Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series. With a focus on system safety, refined management, and intelligent applications, the. As global demand for renewable energy grows, efficient energy storage solutions are no longer optional—they're essential. It comes with several benefits and offers a circulation efficiency of 91.3% alongside a reliable user experience.
