

Ireland Cork side energy storage power station project

Overview

The Electricity Supply Board has opened a new major battery plant at its Aghada site in County Cork. The project will add 150MW (300MWh) of fast-acting energy storage to provide grid stability and deliver more renewable power to Ireland's electricity system. ESB partnered with Fluence and Powercomm Group to deliver this project. At the opening of the ESB's battery plant in Aghada in Cork were Sharon Corcoran, Cork County Council, James Cafferty, MD, Powercomm Group. We are progressing a pipeline of projects and acquisitions, including initiatives with our trusted partners, to deliver 5GWs of renewable electricity by 2030 target and net zero emissions by 2040.

Ireland Cork side energy storage power station project

ESB opens 150MW battery storage plant in Cork

ESB has opened a major battery plant at its Aghada site in Co Cork, adding 150MW in energy storage to help provide grid stability and deliver more renewable power.
