Irish Energy Storage Project Institute

Long Duration Energy Storage

In the absence of renewable storage options, gas-turbines currently supply most of Ireland's dispatchable power generation capacity, though the lack of gas storage facilities on the ...

[Energy storage is ready to deliver - Energy Ireland](#)

Energy Ireland Conference , Irelands leading Energy Forum Energy Storage Ireland's 2025 pipeline survey shows the potential of the energy storage sector in Ireland and Northern Ireland ...

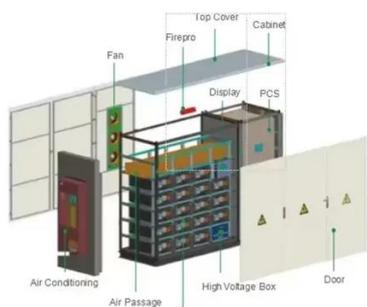

Publications

The Benefits of Hybrid Sites April 2025 This report by Cornwall Insight examines the potential for hybrid sites (i.e. energy storage co-located with wind or solar pv) on the island of Ireland and the benefits ...

[Unlocking the potential: Insights from industry on barriers, ...](#)

The energy storage sector across Europe faces many financial, regulatory and policy barriers which has to date hindered development in many countries. This study documents industry ...

Energy Storage Practice in Ireland , EnergyPro

Our recent attendance at Energy Storage Ireland 2025 showcased a number of insights into the state of energy storage processes in Ireland & where to go next.

[Critical role of battery storage in Ireland's energy plans](#)

Ireland is going to need up to seven times more energy storage than its current capacity, say industry experts. John Daly reports At the recent Energy Storage Global Conference in Brussels, ...

[Irish energy industry calls for 500 MW of storage capacity by 2030](#)

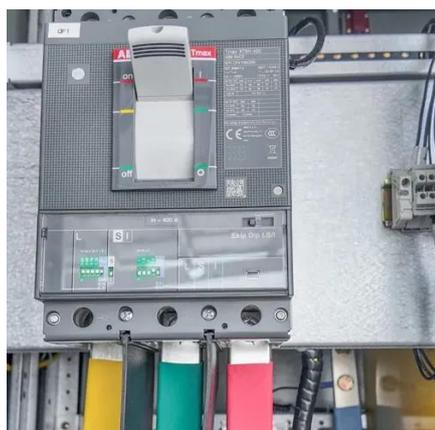

Irish grid operator EirGrid set the proposed minimum procurement for long duration energy storage procurement at 201 MW, well below its initial 2030 goal of 500 MW of storage capacity.

[BASTILLE Project: Accelerating Ireland's](#)

Circular Economy

Our research focuses particularly on graphite, a crucial component for electric vehicles, energy storage systems, and hydrogen-based energy solutions. Project Highlights Informing Policy: We generate ...

Research

PANTERA (PAN-European Technology Energy Research Approach) is a EU H2020 project aimed at setting-up a European Forum composed of Research & Innovation stakeholders ...

Electricity Storage Policy Framework

The Electricity Storage Policy Framework presents 10 government actions to support the role of electricity storage systems in Ireland's energy transition, identifying the key stakeholders and ...
