

Is the photovoltaic panel subscription scam real

Overview

While there are some government-funded solar programs for households that qualify, “going solar” isn't free. Honest businesses will tell you exactly how much it'll cost to get and install solar panels. Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you?

Or say you'll never have to pay another electricity bill because government programs, grants, or rebates cover your solar installation?

It's likely a scam. If you've received an offer for "free solar panels," it could be a scam. Scams, schemes and straight-up fraud abound in the dark underbelly of an otherwise light-filled industry. While there are still many honest. Solar panel fraud has become a growing concern in the United States, leaving many homeowners stuck with hidden fees, inflated energy bills, and contracts they never fully understood. As more families consider solar energy improvements, dishonest companies exploit the fine print in solar panel.sumer complaints about a small number of unscrupulous solar companies.
