

Jimei Solar Power Scam

Overview

They involve scammers making false promises or tricking you into paying for services you'll never receive. Recently, the FTC also issued an alert to warn consumers about solar power scams, such as free solar panels or exaggerated savings. Find a solar panel installer today! Whether it's door-to-door or online, a forceful salesperson might inform you that a certain deal, like a financing rate or an incentive program, will only remain available. While reputable companies can help you save money with clean or solar energy improvements, scammers offer more than they can deliver. The scams vary, but here's the gist: someone claiming to be with the government or your utility company promises big savings on your utility bills from solar energy. Repeated harassment calls about installing solar panels, over 300 calls in the last year, I get about 4 a day as I try to run a business I have to distinguish between these nonstop calls and my clients/customers. I've asked to be removed from the call list 28 times already as they even call about. Before learning what solar panel companies to avoid solar scams, you'll need to get an understanding of what types of solar scams are prevalent. Here are some common scams to be aware of: 1.
