

National Development and Reform Commission solar inverter Electricity Fee

Overview

The reform focuses on three key aspects: allowing market forces to determine renewable power pricing, establishing a pricing and settlement mechanism that supports the long-term sustainability, and adopting differentiated policies for existing and new projects. On February 9, 2025, China's National Development and Reform Commission (NDRC) and the National Energy Administration (NEA) jointly issued the Notice on Deepening the Market-Oriented Reform of New Energy On-Grid Electricity Prices to Promote High-Quality Development of New Energy (hereafter. On February 9, China's National Development and Reform Commission (NDRC) and the National Energy Administration (NEA) jointly issued a document No. 136) (hereinafter referred to as "Document No. Let's unpack what this means for your walle Ever wondered why your neighbor's rooftop solar setup suddenly. What are the new solar energy regulations of the National Development and Reform Commission?
