

# New Zealand Energy Storage Project Partner

## Overview

---

Paris, January 10, 2023 – Saft, a subsidiary of TotalEnergies, has been awarded a major contract by Meridian Energy to construct New Zealand's first large-scale grid-connected BESS. November 26, 2025 – New Plymouth, New Zealand – New Zealand Energy Corp. (“ NZEC ” or the “ Company ”) (TSX-V: NZ) is pleased to provide the following update regarding the ongoing work associated with the Tariki Gas Storage Project. NZEC, together with its joint venture partner L&M Energy Limited. Global infrastructure investor I Squared Capital has launched ANZA Power, a next-generation independent power producer (IPP) in Australia and New Zealand. Think of it as the “ Swiss Army knife ” of power grids: storing solar and wind energy, balancing supply-demand gaps, and even preventing blackouts during. New Zealand's energy future will be built on innovation, collaboration, and investment at scale. Pacific Channel has launched Fund V – a dedicated renewable energy fund targeting large-scale solar, wind, and battery energy storage projects across New Zealand. As lead designer, our strong technical expertise and agile problem-solving to design. The Darfield Solar & Energy Storage Project is a landmark 117 MW solar development in Canterbury, New Zealand, featuring optional battery storage of up to 106 MW / 200–400 MWh. Designed for a 40-year lifespan, it will generate 210 GWh annually—enough to power 23,000 homes—while reducing carbon.

## New Zealand Energy Storage Project Partner

### Darfield Solar & Energy Storage Project -- NZCE

Strategically located next to Fonterra's Kimberley Factory, it offers dual energy offtake pathways and strong grid connectivity, making it a key contributor to New Zealand's clean energy future.

### [Saft energy storage system to support New Zealand's transition to low](#)

Saft lithium-ion technology will provide 100 MW power and 200 MWh storage capacity to support grid stability as intermittent wind and solar power increases in New Zealand

### [New Zealand Energy Corp. Provides Update on Tariki Gas Storage Project](#)

NZEC is a publicly listed energy company focused on the development of oil, gas, and gas-storage opportunities in New Zealand. The Company holds interests in multiple heritage assets ...

### Investing in New Zealand's renewable energy future

With an initial fund size of \$30 million to \$50 million and a five-year investment horizon, Fund V offers investors a unique opportunity to participate in ready-to-build projects that can ...

### [Wellington Energy Storage Project Cooperation: Powering the Future ...](#)

The Wellington Energy Storage Project Cooperation isn't just another battery farm - it's a game-changer for New Zealand's energy transition. Think of it as the "Swiss Army knife" of power ...

### [Building New Zealand's battery future at Huntly Power Station](#)

In a major step forward for New Zealand's renewable energy future, Genesis Energy has commenced construction on a 100 MW / 200 MWh Battery Energy Storage System (BESS) adjacent to the iconic ...

### [New Zealand Energy Advances Tariki Gas Storage Project with](#)

New Zealand Energy Corp. has announced a significant advancement in its Tariki Gas Storage Project through a non-binding memorandum of understanding with Genesis Energy Limited.

### [Transforming Energy Storage at](#)

## [Glenbrook with 100 MW BESS , Beca](#)

Beca is transforming energy storage in New Zealand with the Glenbrook BESS project, which will power several thousands of homes and support the energy transition to renewable sources.

## **new zealand Archives**

Energy storage developer Eku Energy has entered the New Zealand battery energy storage system (BESS) market. Genesis Energy has started constructing a 100MW/200MWh battery ...

## [Launch of New Zealand's first utility-scale Battery Energy Storage](#)

WEL Networks and Infratec are proud to announce the launch of New Zealand's largest Battery Energy Storage System (BESS) with commissioning underway.
