

Nordic Lithium Battery Pack Manufacturer

Overview

Nordic Batteries AS, founded in 2014 in Norway, specializes in advanced battery modules, packs, and energy storage systems for industrial sectors including construction, maritime, defense, and power grids. At Nordic Batteries we focus on what is important: safety, reliability and performance. We design and manufacture battery packs tailored to your machines. Whether you need a specific geometry, voltage, or performance profile, we build the right solution for your application. Built-in tools for. The Norsk Difference is what separates our batteries from everything else on the market. Leveraging automated production and innovative technology, they deliver high-performance. Voltaplex now offers complete Battery Energy Storage Systems (BESS), combining trusted LFP and NMC cell technology—including our long-life Voltaplex Life™ cells—with fully integrated, scalable solutions and a 10-year standard warranty. Looking to upgrade from bulky, short-lived lead-acid batteries?

. Nordic Batteries designs and manufactures high-power and high-energy battery modules, BMS and BESS products.
