

Northern cyprus plug-in electric vehicles phevs

Overview

This upcoming program will support new plug-in hybrids, zero-emission new and used vehicles for general users, persons with disabilities, and large families. Vehicles in the new scheme must be registered by Oct. Full details will be announced once the current grant cycle. The Council of Ministers approved a new €2.5 million electric vehicle incentive scheme on Wednesday, maintaining existing grant levels of up to €9,000 for electric cars and €7,500 for hybrid vehicles amid sluggish adoption rates. The scheme mirrors previous frameworks offered in recent years. As Cyprus accelerates toward greener transport, electric vehicles (EVs) are becoming a familiar sight on the roads. Thanks to growing incentives, new models, and improving infrastructure, now is the time for EV adoption. Discover innovative design, electrified driving dynamics, optimised range and intelligent technologies. The initiative, financed with €4.
