Overview

Selling inverters in Namibia or upgrading your power system?

Connect with a large audience of buyers looking for dependable inverters, from small units for home use to larger models for commercial and solar power setups. List your inverters or find the perfect option easily through our platform. Two major types of inverter are available: Grid tied inverter interface to PV modules directly and generate AC electricity for grid feed in system, while the battery inverter requires a battery as the source of power. These are typically implemented in off-grid installation. Need more information. This collection is empty We deliver in Namibia to 15 major towns.
