

Price of solar panels in Barbados

Overview

Since 2010, the average cost to install solar panels on a home has fallen by approximately 50%. However, costs slightly rose from 2020-2023 due to supply chain tangles. Solar panels cost about \$21, 816 when purchased with cash or \$26, 004 when purchased with a loan for a 7. Now a very similar model is available in Barbados which allows Barbadians to own solar panels within an operating solar project. The cost of solar panels has significantly decreased over the past decade, with the industry reaching its largest global scale. Through our proprietary online platform. Founded in 2008, EcoDirect is a value added distributor that helps Bajan installers, do-it-yourselfers (DIY), businesses and commercial projects in St Phillip, Christ Church, Bridgetown, St James, and throughout Barbados with project design, supply, logistics and technical support. prioritizes customer satisfaction, earning accolades for its customer-focused philosophy. Our goal is to ensure energy efficiency and accessibility A leading voice in solar energy innovation and the Caribbean's largest solar installer, Solar.
