

Procurement Contract for 120kW Photovoltaic Container for Power Stations

Overview

The Department of Energy Better Buildings has developed a Solar PV RFP & Procurement Guidance Template that can be customized for a specific site. For more complex projects, it may be helpful to seek third-party technical expertise to support the development of an RFP. This document has been published with the support of Andy Walker, Otto VanGeet, Tom Harris and Chandra Shah of the National Renewable Energy Laboratory (NREL). The enclosed technical template language is intended to provide only example language for agencies to consider in the process of assembling. A Request for Proposal (RFP) is a formal bid document to ask vendors to provide proposals for desired projects, as required by many public agencies (federal, state, local). A solar RFP outlines the photovoltaic (PV) product or service requirements, the contract terms, and bidding process. 1 Under an EPC Contract, a Contractor is obliged to deliver a complete facility to the Project Company.
