

Sarajevo energy transition

Overview

The Sarajevo Energy Forum 2026 officially opened on January 29 at Hotel Hills, positioning itself as a regional checkpoint for how Southeast Europe intends to manage the technical, financial, and policy risks of the energy transition. The two-day forum brings together policymakers, utilities. The fourth edition of the Sarajevo Energy Forum 2026 (SEF) took place from 28 to 30 January in Sarajevo, bringing together experts, public officials, companies, academics, and energy professionals from Bosnia and Herzegovina and across the Western Balkans. [com/The+fourth+Sarajevo+Energy+Forum+opens+to+address+the+Western+Balkans](https://www.sei.org.com/The+fourth+Sarajevo+Energy+Forum+opens+to+address+the+Western+Balkans). As part of this year's Sarajevo Energy and Climate Week (SECW 2025), SEI and the Sida-funded.
