

Solar energy storage crux

Overview

Crux and Origis Energy have announced an investment of \$340 million in tax equity capital to support a 413 MWdc utility-scale solar project in Ector County, Texas. The project is expected to reach commercial operations in the second half of 2026. Drive certainty with our expert team, powerful software, and market-validated standards for due diligence and. NEW YORK, NY, UNITED STATES, June 11, 2025 / EINPresswire. com / -- Crux, the capital markets technology company for the clean economy, today announced the successful facilitation of an investment tax credit (ITC) transfer for 174 Power Global's Ho'Ohana project, a co-located solar and battery. Crux is the capital platform for the clean economy. It will advance local energy affordability and resilience in West Texas — generating over 900 GWh of solar energy annually for the local grid, which equates to powering 85,000 homes or a city of 250,000 people — and.
