

Solar panels have a 20-year warranty

Overview

A standard solar panel warranty should come with at least 10 years of protection, though many premium options now offer 25 or even 30+ years of coverage. Plus, all REC panels are eligible for REC ProTrust*; a comprehensive package that offers a 25-year warranty for each of product, power, and labor. However, sifting through pages of dense documentation can be intimidating and confusing, and warranties vary by both manufacturer. Solar panel warranties protect you from things like panel damage and rapid degradation of your panel efficiency. Ultimately, they provide you with peace of mind for your solar investment and can save you money on repairs or replacements if you do run into any issues. Like many aspects of a photovoltaic (PV) system, understanding solar. While many home appliances typically come with a basic warranty offering free replacements within a specified period, solar panels are protected by various types of warranties that cover a range of potential issues. If your panels crack, delaminate, or otherwise.
