

# Solar photovoltaic panel lease term

## Overview

---

Solar leasing allows homeowners to use energy from rented solar panels. You get solar panels on your roof with no money down, someone else handles any maintenance that might arise, and you start saving on your electric bills from day one. Sounds pretty straightforward—and in many ways, it is. But here's the thing: Solar leases work. 20 years or more. If the company is promising electric bill savings, the. When you lease solar panels, the provider installs and owns the system while you make a fixed monthly payment for the power it generates. “By leasing solar, Americans can avoid upfront costs and could start saving immediately,” says Wyatt Semanek, Public Relations Manager at Sunrun, a U.
