

# Spanish lithium battery energy storage project

## Overview

---

The Matrix Renewables Spanish investment platform, backed by TPG Rise, is planning a 101.3 MWh battery energy storage system (BESS) in Girona. The Lagerung BESS' 104 lithium-ion battery containers will each have 3. In order to make the production of renewable energy more flexible and ensure its integration into the system, storage solutions have been developed. The initial installations will hybridise the company's Tabernas I and II solar parks in Almería, as well as the Piletas I wind farm. Energy storage has become a key piece of the electrical future in Spain, amidst the advance of renewable energies and the progressive withdrawal of nuclear generation. Ensuring the network stability Faced with production variability, meeting peak demand or responding to potential blackouts are some. The projects will be built in Castilla y León, Extremadura, Castilla La Mancha and Andalusia, and each battery will have 25 MW of power and a capacity of 50 MWh.

## Spanish lithium battery energy storage project

### [Iberdrola will install six new storage batteries in Spain with a](#)

Iberdrola España will install six Battery Energy Storage Systems (BESS) with a combined capacity of 150 MW. This is an innovative solution for the storage and integration of renewable ...

### [Matrix Renewables plans another 407 MWh Spanish battery](#)

The Matrix Renewables Spanish investment platform, backed by TPG Rise, is planning a 101.8 MW/407.3 MWh battery energy storage system (BESS) in Girona. The Lagerung BESS' 104 ...

### [Naturgy Starts Construction of First Battery Projects in Spain](#)

Naturgy has started construction on its first battery energy storage projects in Spain, aiming to enhance grid flexibility and support renewable energy integration.

## Top five energy storage projects in Spain

Listed below are the five largest energy storage projects by capacity in Spain, according to GlobalData's power database. GlobalData uses proprietary data and analytics to provide a ...

TAX FREE    

**Product Model**  
HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

**Dimensions**  
1600\*1280\*2200mm  
1600\*1200\*2000mm

**Rated Battery Capacity**  
215KWH/115KWH

**Battery Cooling Method**  
Air Cooled/Liquid Cooled

### [Iberdrola to deploy 300MWh of battery storage projects in Spain](#)

Utility and independent power producer (IPP) Iberdrola will deploy battery energy storage system (BESS) projects in Spain adding up to 150MW/300MWh, to be co-located with existing PV ...

### [How Spain's EUR700 Million Program Is Accelerating Battery Storage](#)

Spain's EUR700 million program aims to boost battery storage capacity by adding 2.5 to 3.5 gigawatts, enhancing energy stability and supporting renewable integration. The initiative supports ...

### **Storage batteries in Spain**

This pumped-storage project, approved in 2024, has a hybrid battery of 15 MW and 7.5 MWh, enabling the surplus energy from the dam to be stored. The installation optimises the energy flow of the River ...

### [Overview of energy storage in Spain:](#)

## projects, challenges, and

Parallel, galp has begun the development of two major energy storage facilities in Spain and Portugal, adding a capacity of 74 MW, with advanced battery systems that include grid-forming technology to ...

## Unstoppable Power: Top 10 Spanish Energy-Storage Battery ...

Explore Spain's top energy-storage battery innovators, from solid-state disruptors to modular system specialists. Learn how Dawnice stands out in this crowded field with cutting-edge ...

## The Rise of Spanish Lithium Battery Energy Storage Systems: ...

Spain, a sun-drenched land of flamenco and fiestas, is now dancing to a new rhythm - the hum of lithium-ion batteries storing renewable energy. With 19GW of residential solar capacity and ...
