

# State Grid launches micro

**Low Voltage  
Lithium Battery**

**6000+** Cycle Life

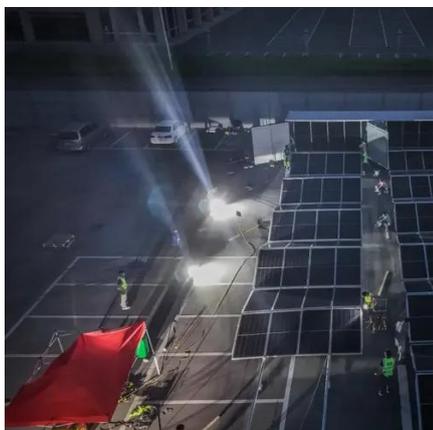

## Overview

---

In collaboration with Land of Sky Regional Council (LOSRC), NC Sustainable Energy Association (NCSEA), Footprint Project (FP) and a network of regional partners, the North Carolina Department of Environmental Quality (DEQ) State Energy Office (SEO) is investing \$5 million in permanent. In collaboration with Land of Sky Regional Council (LOSRC), NC Sustainable Energy Association (NCSEA), Footprint Project (FP) and a network of regional partners, the North Carolina Department of Environmental Quality (DEQ) State Energy Office (SEO) is investing \$5 million in permanent. In collaboration with Land of Sky Regional Council (LOSRC), NC Sustainable Energy Association (NCSEA), Footprint Project (FP) and a network of regional partners, the North Carolina Department of Environmental Quality (DEQ) State Energy Office (SEO) is investing \$5 million in permanent and mobile. Many State Energy Offices and Public Utility Commissions (PUCs) have been tasked by their governors and legislatures with translating this interest into action by designing programs, policies, rules, and regulations for microgrids. As a result, the National Association of State Energy Officials. The Think Microgrid 2024 State Scorecard uses an evaluation framework that considers five fundamental criteria, each of which is critical to understanding today's market and future opportunities: deployment, policy reform, resilience, market development and equity. The 2024 Scorecard was enhanced. rgy resources (DER). Microgrids have a unique role in transformi g the electric grid. The nation simultaneously faces increasing threats from extreme weather events and opportunities to electrify entire sectors of the economy and address ongoing inequit es in energy access. Microgrids, which can. Microgrids could be essential to energy resilience, security, and stability across the state of Oregon Salem, OR — Last Thursday, Governor Tina Kotek signed House Bills 2065 and 2066 into law, two pieces of landmark legislation which aim to increase and expedite access to microgrids across urban. Microgrid project development is accelerating by double-digit percentage points on an annual basis—proving the energy market understands that decentralization can actually bolster grid-level power delivery for mission critical customers. Developers, energy technology firms and end users are making.

## State Grid launches micro

### [State Policy Innovations Crucial to Adoption of Microgrid Technology](#)

Microgrids can improve resilience, decarbonization and affordability of the electric grid, according to the U.S. Department of Energy. However, legacy state energy policies remain a barrier ...

### [State Microgrid Policy, Programmatic, and Regulatory Framework](#)

Typically, microgrid programs and regulations may originate within state legislation, which encourages or requires State Energy Offices and / or PUCs to initiate decision-making processes, to launch a ...

### [North Carolina Launches Clean Energy Microgrid Initiative to Boost](#)

Up to 24 stationary microgrids will be installed across six Helene-affected counties, with two mobile "Beehive" microgrid hubs serving the entire state -- one in Western North Carolina and ...

### [New State Scorecard maps out how far US state policy must](#)

The result is that state policy, rather than technology, is the chief bottleneck to the commercialization of microgrids. In light of this, Wood Mackenzie was pleased to collaborate with ...

### [Bs and Cs: Think Microgrid's State Scorecard Indicates Projects ...](#)

Advocacy group Think Microgrid's second annual State Scorecard somewhat echoes its first report released in late 2023--only a few of the good students (i.e., states) out there are proactive in moving ...

### [Despite Innovative Action in Microgrid Policies, States Have a Long ...](#)

Microgrids are groups of distributed energy resources, such as solar modules on a home, connected to a battery system, that can disconnect from the grid and operate independently during a ...

### **Newsroom**

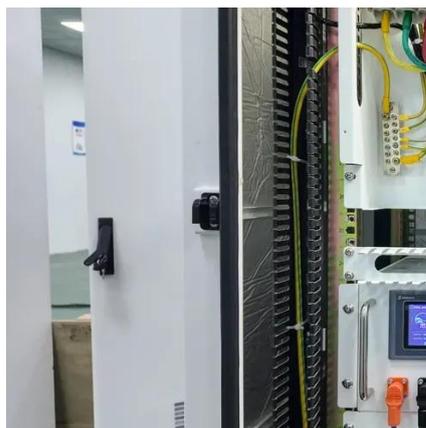

Salem, OR -- Last Thursday, Governor Tina Kotek signed House Bills 2065 and 2066 into law, two pieces of landmark legislation which aim to increase and expedite access to microgrids ...

## **STATE SCORECARD 2024**

a meaningful solution for the operational needs of the state electric grid and the fundamental architecture of the grid supports robust contributions from distributed energy resources and microgrids.

## Home []

Because time is of the essence in bringing greater resilience to the electric grid, a coalition of leading energy and technology companies formed Think Microgrid in 2021 to address the inherent barriers to ...
