

Storage solar battery factory in Vancouver

Overview

VANCOUVER, BC, June 25, 2025 /PRNewswire/ - Moment Energy today announced that its Metro Vancouver, BC manufacturing hub is now in full-scale production, delivering its flagship battery energy storage systems (BESS) to serve a growing demand of over 5.6 gigawatt-hour market, reported AltEnergyMag. Its plant builds Luna BESS, a flexible system reaching 10 megawatt-hours by turning old. Our company specializes in the professional design and manufacturing of lithium battery packs. We are committed to bringing our strong technical expertise to Canada and becoming a key contributor to the local green energy value chain. 1 kWhs of usable storage capacity in a single wall-mounted unit. • Battery system, is DC coupled resulting in no loss of efficiency, faster battery charging, safest design on the market.
