

# Uganda Pumped Storage solar Power Station

## Overview

---

Uganda's government has approved the development of a 100-MWp solar power plant with 250 MWh of battery energy storage to be delivered by Energy America, a US-based solar panels manufacturer and engineering, procurement and construction (EPC) contractor. This ambitious project is designed to strengthen grid stability and accelerate the country's transition to renewable energy. The battery storage component. Located in Kapeeka, Nakaseke District, the plant will be equipped with technology designed for tropical and equatorial climates. Image: Raze Solar via Unsplash. The Government of Uganda has authorised engineering, procurement, and construction (EPC) contractor Energy America to build a 100MWp solar. Uganda Greenlights 100 MW Solar Plant With 250 MWh Battery Storage in Kapeeka The Government of Uganda has approved the construction of a 100-megawatt solar photovoltaic plant with a 250 MWh battery energy storage system in Kapeeka. The project will be developed by U.

## Uganda Pumped Storage solar Power Station

200kWh  
Battery Cluster

### [Uganda Approves Landmark 100 MW Solar and Battery Storage ...](#)

In a major step toward transforming its energy sector, the Government of Uganda has approved the development of a 100-megawatt (MW) solar photovoltaic power plant coupled with a ...

### [Uganda announces 100MW solar/250 MWh BESS project in ...](#)

The Government of Uganda has officially issued a Gazetted Policy Direction authorizing the development of a 100 MW solar photovoltaic power plant integrated with 250 MWh of battery ...

### [Uganda initiates Phase I of 1 GW solar and storage plan](#)

The plant is designed with high-efficiency solar modules, modular battery systems, centralized monitoring, and grid-stabilizing capabilities adapted to tropical operating conditions.

### [Uganda Solar Project: 100 MW Plant & Battery Storage Approved](#)

Uganda greenlights a landmark 100 MW solar power plant with 250 MWh battery storage. Discover how this project boosts grid stability and advances solar energy in Uganda.

### [Uganda approves 250 MWh co-located BESS project led by Energy ...](#)

The 100 MWp solar photovoltaic (PV) power plant integrated with a 250 MWh battery energy storage system (BESS) project will be delivered by U.S.-based Energy America, and its ...

## Ituka Solar Power Station

The Ituka Solar Power Station, is a 24 megawatts (32,000 hp) solar power plant under construction in Uganda. The power station is under development by AMEA Power, an independent power producer ...

### [Uganda greenlights EA Astrovolt 100MW/250MWh PV-BESS plant PV ...](#)

The Government of Uganda has authorised engineering, procurement, and construction (EPC) contractor Energy America to build a 100MWp solar PV plant, integrated with a 250MWh ...

## [Uganda Approves 100 MW Solar Plant](#)

## [With Battery Storage in Kapeeka](#)

A Power Purchase Agreement (PPA) will be negotiated with Uganda Electricity Transmission Company Limited. Phase I of the Kapeeka project is expected to serve as a foundation ...

## [US company to deliver 100-MWp solar project plus storage in Uganda](#)

Uganda's government has approved the development of a 100-MWp solar power plant with 250 MWh of battery energy storage to be delivered by Energy America, a US-based solar panels manufacturer ...

## [Uganda: Green light for solar energy + battery storage project](#)

The plant will use high-efficiency solar modules and utility-scale battery systems engineered for tropical climates. The technology is designed for grid stabilisation, off-peak power ...
