

Waterproof bracket for photovoltaic modules

Overview

Explore a diverse selection of solar panel mounting brackets in corrosion-resistant aluminum. Find the perfect fit for your RV, boat, or off-grid power needs. Reliable Performance: With a robust load-bearing capacity, windproof design, waterproof. Many of our most popular mounts incorporate our patented Four-Seal watertight technology, which seals the penetration at four level The EPDM rubber bonded washer creates a watertight seal on top of the L-foot. The flashing is fit with an EPDM rubber grommet. Mounting brackets provide secure, adjustable. Sun Rack BIPV Mounting System offers durable, waterproof solar panel frame structures made from aluminum and stainless steel. With wind load up to 130mph and snow load up to 30psf, it ensures resilience and longevity with a 10-year warranty.
